We are just a matter of weeks away from hosting another half-day continuing education seminar. The Council is pleased to host two very well-known experts for this year's CE Seminar.

***Judge Alice Padgett**, Columbia County Probate Judge. Judge Padgett was re-elected to the bench in 2016. Prior to her election, Judge Padgett was a sole practitioner in her own private practice where she specialized in family law, domestic relations, adoptions and real estate matters. Judge Padgett earned a bachelor's degree from the Georgia Institute of Technology and her JD from Georgia State University. Judge Padgett will relay best practices for navigating the Columbia County Probate process.*

***Dr. Melissa Furman**, Owner of Career Potential. Dr. Furman previously served as the assistant dean and currently serves as a faculty member at the James M. Hull College of Business at Augusta University. Her research includes generational diversity, unconscious bias, career and leadership development, and emotional intelligence. Dr. Furman earned her Doctorate of Business degree and Masters of Science degree in Professional Counseling from Georgia State University and her Bachelor of Arts degree in Psychology from Susquehanna University. Dr. Furman will present a dynamic presentation on the best practices for navigating the wealth transfer to the next generations and effective ways to communicate and work with that generation to retain the business.*

Please RSVP for the event by visiting <https://www.augustaepc.org/events/event/23318>.

For those of you who have attended a presentation by either Judge Padgett or Dr. Furman, you will no doubt be looking forward to these presentations. Please share this with others in your firm or circle of professional contacts. This is a great opportunity to showcase the benefits of the quality continuing education and networking offered by being a member of the Augusta Estate Planning Council!
